Just the correct new shape, trimmed with black silk band
WHITE FELT SPORT HATS
The most popular beach hat.

CANADIANS MUST USE SUBSTITUTES FOR FLOUR

Ottawa, June 25.—Compulsory use by bakers, confectioners, public eating places and private households, of substitutes for wheat flour, are prescribed in an order issued today by the Canada Food Board.

The order defines as substitutes for wheat flour, "pure and whole-some corn, oats, barley, rye, buckwheat, tapioca, or potato flour, bran, shorts, oatmeal, rolled oats, rice, corn meal, corn starch, hominy, rye meal, tapioca or any mixture of same, and potatoes." Four pounds of potatoes will be considered equivalent to one pound of other substitutes. The order provides that on and after July 1, one pound of substitutes must be used to every nine pounds of standard wheat flour.

On, and after July 1, this proportion, so far as places east of Port Arthur are concerned, must be increased to one pound of substitutes to every four pounds of white or standard wheat flour. Quantities of substitutes available west of Port Arthur are at present too uncertain to allow a date being named for an increase equal to that required for eastern Canada, but such an increase will be made, just as soon as the available supply of substitutes in western Canada is obtainable.

On and after July 15th, no licensed dealer may legally have in his possession for sale any wheat or standard flour unless he has also at all times sufficient stock of substitutes to meet the demands of his customers, at reasonable prices.

Persons at points east of, but not including Port Arthur, must purchase substitutes in the proportion of not less than one pound of substitutes to two pounds of wheat or standard flour, while persons west of Port Arthur must buy not less than one pound of substitutes to four pounds of wheat or standard flour. Dealers are forbidden, on and after July 15th to sell flour unless substitutes in the proportion stated, or to a greater proportion are purchased.

On and after July 15th, every baker must place one each loaf of bread a label sticker bearing his name and address, and the words "Victory Bread." The latter expression will be guarantee that the prescribed amount of substitutes for standard wheat flour required by the Canada Food Board have been used in making the loaf.

Bread which does not bear such a label or sticker may be seized. The order makes it an offense for any person to sell or have in his possession any product, in which white or standard flour is used, which does not conform to the requirements of Food Board. The penalty for violation of the new regulations is a fine of not less than \$100 and up to \$1000 or imprisonment for a period of three months, or both fine and imprisonment.

FOUR FOREIGNERS FOUND DEAD ON FARM

Grand Prairie, Alta., June 25.—Four bodies of foreigners, evidently murdered were found today on a homestead some ten miles west of this town. They were three trappers and a homesteader. Two of the bodies were found on the

floor of the shack, one on the table, and the fourth in a wagon box. The names of the victims are—Ignace Patton, Charles Zesemer, Frank Parychowski, and John Wand.

From the appearance of the remains, it would appear that the victims had been dead about seven or eight days. Residents of this place are of the opinion that these men were shot and killed the same night of the tragedy in the Snyder home, when C. Snyder and his nephew were slain and the shack set on fire.

It has been the belief of the police that either Snyder or his nephew had slain the other, and then committed suicide, but this new development may throw an entirely new light on the entire series of tragedies. The provincial police have taken charge of the case.

COULD NOT WISH FOR BETTER MEN THAN CANADIANS

London, June 26.—The militia department has received the following communication from Sir Edward Kemp, representative of the militia department in London and minister of overseas military forces of Canada.

"The finest behaved soldiers that we have to deal with." This is the report of an Imperial authority responsible for the conduct of all soldiers in London, to the question, "How do the Canadian soldiers conduct themselves in London?"

From time to time statements are circulated in Canada which tend to give the impression that all is not well with our troops overseas. One time it takes the form of criticising the pay corps; another time it is Argyl House, still another time it involves the behavior of the troops at the front, in London, and elsewhere. They are always at variance with the fact. It is strange coincidence that those who start such tales are usually men who failed to make good and who desire to pull the rest of the world down to their level.

The Imperial authorities are not only unanimous about the splendid conduct of the Canadian men, but pay equal homage to the administration of the Canadian overseas forces.

"We would not ask for a better class of men. The Canadian headquarters do everything possible to assist us and of course, we reciprocate, the result of co-operation working out most successfully."

The same splendid behavior is reported from France, where the report says, "they are the best troops in France."

POLICE CENSURED OVER CERTIFICATES

Calgary, June 26.—Police Magistrate Davidson censured the Dominion and provincial police for not using better judgment. He had just heard the cases of two men who had been brought all the way from Athabasca Landing because they did not have their birth or marriage certificates with them. These men were C. Lencour and R. Shank, Americans, farming in Northern Alberta. The Magistrate said that half an hours trip to their farms would have cleared up both cases.

JUST LIKE A HOUSECLEANING

Every room needs an occasional "Cleaning up", no matter how carefully the regular sweeping and dusting is done. Especially is this true after any unusual event, a party, a wedding or a quilting bee.

So it's with your body. No matter how regular your habits or well cooked your food, there comes a time when you don't feel just right. You may recall an unusually hearty meal or two, irregular hours, or eating something that "didn't agree with you", or it may be just the "dust-gathering".

In any case a few doses of a really good cathartic is all you need to put you right. For this purpose nothing is quite so suitable as

Chamberlain's Tablets

Two or three after supper the first night, and one each night for two or three days, and your digestive apparatus is just like the well-cleaned room. Every part of your body is more vigorous, you go about your work with a new feeling and begin again to enjoy life. Are these benefits not worth getting? You know they are. And you need have no hesitation about beginning them for fear you must "keep it up". The effect is just the opposite.

AUSTRIAN WITHDRAWAL WAS DISORDERLY ROUT

Italian Headquarters, Tuesday, June 25.—Under the fire of Italian machine guns and artillery, which were brought up rapidly the Austrian withdrawal across the Piave soon became a disorderly rout. It is estimated the Austrian losses total more than 200,000.

It was a terrible sight as the maddened Austrians fled under the deluge of Italian bullets and shells. They leaped into the river and grabbed pieces of wood or anything that would aid them; tied themselves to mules and horses but their efforts were in vain, for as the enemy reached the opposite bank they were caught again by the fire of the Italian guns which had been trained accurately on the eastern bank for some days.

On the Montello, the slaughter was terrific. Bodies of Austrian

troops were mowed down almost in their entirety. At the crossing at Nervosa both banks were strewn with dead and dying while hundreds of bodies were carried in the current to the sea.

At one place the correspondent counted three hundred bodies while walking a distance of half a mile. One regiment of covering troops which originally was composed of more than 2,000 men, had left Monday morning but 88 men to the company, and these were prisoners.

Along the lower Piave the Austrians found themselves if possible in a worse position and sustained heavier losses.

A single episode shows how and why the retreat started. On Saturday the Austrian command sent the 91st Schuetzen brigade, composed of regiments 31 and 32, with orders to widen the Austrian breach at Lampol, and to do this

at all hazards. The brigade attempted to carry out this order and fought like wild men, but the Italian pressure was so terrific that they were unable to accomplish their objective, which was to succeed the Austrian divisions already surrounded in this section. After six attacks, which continued Saturday night and Sunday morning there remained at 1 o'clock Monday afternoon only ninety men of this brigade. The others were either prisoners, dead or wounded. The commanding officer then committed suicide and the 90 surrendered.

Yesterday was the anniversary of the battle of Solferino, in which the French and Italian Armies defeated the Austrians 59 years ago. The victory was proudly emulated by the Italian army in the present fighting.

In fleeing the Austrians left behind them much war material. The enemy troops even threw away their rifles and deserted hundreds of machine guns which were to have been used to support the retreat. It is estimated that the number of Austrians on the Western Bank of the Piave when the retreat began was over 100,000. This great number of men, however, could do nothing against the Italian pressure, despite continuous counter attacks.

The Italian Official statement in the past week has frequently emphasized the great losses inflicted on the Austrians. Among 16 prisoners taken at one time on Montello, for instance, it was observed that they belonged to no less than seven different brigades. Prisoners report that serious losses were caused by the Italian artillery, trench bombs and machine guns.

NOMORE NERVOUS HEADACHES

Since She Tried "FRUIT-A-LIVES", The Famous Fruit Medicine.

MISS ANNIE WARD

112 Hazen St., St. John, N.B.
"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine, 'Fruit-a-lives'. I was greatly suffering for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried Fruit-a-lives."

After I had taken several boxes, I was completely relieved of these troubles and have been unusually well ever since."

Miss ANNIE WARD.
"Fruit-a-lives" is fresh fruit juices, concentrated and increased in strength, combined with finest tonics, and is a positive and reliable remedy for Headaches and Constipation.

50c. a box, 6 for \$2.50, trial size 25c. All dealers or Fruit-a-lives Limited, Ottawa.

The 13th Schuetzen division is reported to have lost 50 men from each company on an average.

From the first day of the offensive Italian morale was of the highest among both the troops and the civilian population. Venice appeared to be little concerned over the fact that the enemy was striking in her direction only 20 miles away. Today however Venice awoke to celebrate the Italian victory.

THE MURDER EPIDEMIC

On June 8th, the body of George Alex was found in his shack at Lac La Biche, the coroners' jury finding that the man came to his death by shots fired by some person unknown. On June 10th a report came to the provincial police that the body of John Wymuth had been found in his house near Fagnolia. About the same time reports were received that the skeleton of a man had been found near Roman. On June 11th the body of George Christie, a south side merchant, was found in his store, the verdict of the coroner's jury being that death was caused by bullets fired by someone unknown party. On June 25th came a report from Grand Prairie that two men named Snider, uncle and nephew, had been shot at a point in that vicinity, their bodies being found. The next day brought news from the same place stating that the bodies of four men named Patan, Zeemener, Parzyehoski, and Wudward had been found at another point in that district, bullet holes proclaiming that they had met with foul play. Disregarding the reports from Fagnolia and Roman, therefore, eight men appear to have been murdered in the northern portion of the Province during the present month. This outbreak of slaying calls for action on the part of the law officers, both prompt energetic and persistent. Murder has been more common in the province for some years than it need have been if the penalty had followed the crime with any sort of certainty. Unfortunately, few of the perpetrators have been arrested, and still fewer brought to the gallows. The present epidemic must be regarded as to some extent due to that fact. When the penalty does not follow the crime with almost invariable certainty crime is encouraged. There are potential criminals in every community, who are only kept from carrying out their desires by fear of punishment. That criminal element have gathered the impression that a murderer is not likely to be caught and hanged in this province. No man's life is safe with that impression abroad.

REICHSTAG HEARS KUDHMANN'S WAR SPEECH IN SILENCE

Paris, June 26.—(Havas Agency.)—Acknowledgment by Foreign Secretary von Kuhlmann that Germany cannot be certain of winning the war by arms made an undesirable sensation in the Reichstag, says a Zurich dispatch to the Petit Journal. His prediction that the war might last through the fifth winter was re-

ceived in silence and there was much consternation among the members of the Right.

The debate which followed the foreign secretary's speech was very stormy. Pan Germanist speeches being interrupted by the Left. A dispatch from Geneva says that exchange on Berlin and Vienna weakened on the receipt of the secretary's speech.

WANT FOOD BOARD RECONSTITUTED

Winnipeg, June 26.—At a mass meeting tonight a strongly worded resolution calling for reconstitution of the Canada Food Board was

passed unanimously. The chief changes desired are that consumers should have equal representation on the board with manufacturers and retailers, and also that the board have fuller powers than at present constituted. The meeting was called under the joint auspices of the Consumers' Protective association, the Next of Kin, Great War Veterans and Army and Navy Veterans auxiliaries, P.E.L. the Non-Partisan league, the provincial W.C.T.U. and Women's Civic league.

Thirty-five head of yearling steers and heifers for sale. Apply A. Gilmore, Lacombe.

PUBLIC NOTICE

Military Service Act, 1917.

Men 19 and 20 Years of Age.

Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

CANADIANISM AND LIBERALISM

The Toronto Globe, which like many other Liberal papers in the last Dominion election, followed the path of true Liberalism, reads some extreme members of the party a much-needed lesson in editorial, in which it comments upon the activities of Liberals at a meeting in North Huron. The rebuke is timely and worth while, and might be well taken to heart by certain Liberals who are as illiberal as those who are rebuked. The Globe says:

"Liberals of North Huron, at their annual meeting in Wingham, are reported to have expressed some very illiberal sentiments. Some of the speakers are alleged to have stated their desire to lead out of the party Liberals whose convictions required them to differ from the position taken by their federal leader on the war issue of increasing Canada's man-power effectiveness by conscription. These speakers carry their hostility into Provincial arena, and would place their ban upon the position taken in the issue of the supreme national concern by past and present Liberal leaders in the Ontario legislature."

"No political party which holds and proclaims such circumscribed and illiberal views can ever hope to win public confidence. Parties attain power and increased usefulness through attracting to their support men of independent thought and men who were former opponents. Parties go out of office when they have ceased to enjoy the confidence and support of this influential and independent portion of the electorate. The purpose of real Liberalism is to be an effective and progressive force in shaping public affairs upon such lines as attract and hold the support of the broad minded and thinking electors whose only concern is public betterment and public well-being."

"Some of the professed Liberals of North Huron seem to have lost this conception of Liberalism. They would erect barriers to prevent men of Liberal thought from conviction coming together upon Liberal economic principles when the war is won and politics is no longer adjoined. Until that time comes patriots have little concern in politics. When that time comes it will be the earnest desire of true exponents of Liberalism to attract to the support of their principles and policies all the disciples whom property and legitimately they can muster. But these things must wait for the present. Canadian citizens—Liberal and Conservative alike—have now bigger and more important business on hand."

"The propriety or impropriety of the consent given by the provincial Liberal leader to an extension of the life of the legislature is a matter which is, and ought to be wide open for discussion by its followers. But the suggestion that the provincial leader can no longer call himself a Liberal because of his liberty to support the Military Service act is a most presumptuous one, and one for which there is no defence. Liberals, whose deep and profoundly patriotic convictions caused them to take this action did not give up the name of Liberalism to those who found themselves in the minority in every province of the Dominion save one. The vast body of Liberalism in Canada is not disposed to delegate to this minority the right to represent its sentiments, nor is it disposed to permit prostitution of its principles to playing of war time politics. Liberalism finds its sup-

reme concern just now in war winning. It is engaged in the great purpose of all Canadianism. When that purpose is triumphantly achieved it will be ready to resume its national and economic tasks."

ONE HUNDRED ADDITIONAL POUNDS ON TWELVE ANIMALS ARE AS GOOD AS ANOTHER ANIMAL

One hundred additional pounds on twelve steers is equivalent to one additional steer. The above is an important fact in connection with greater beef production. Quantity is the all important factor in this problem, and every stockman should strive to get as great a quantity of meat on each animal as possible.

The recent rains will add much to this end. Pastures are improving and the necessity of selling cattle is being removed.

Where fields are fenced, an easy way of making sure of an abundance of Fall pasturage is to sow a few acres of rape on the summer-fallowed land. Sown at once it will be ready by the middle of September if the rains are at all reasonable. A single stroke of the disc next spring will put the land in excellent condition for wheat.

The pasture will therefore represent almost a clear profit.

JUDICIAL SALE OF FARM PROPERTY

Pursuant to the judgment and Final Order for Sale there will be offered for sale by Public Auction with the approval of a Judge of the Supreme Court of Alberta, by Clarence F. Damron, Esquire, at the post office at the Village of Bentley, in the Province of Alberta, on Saturday, 20th July A.D. 1918 at the hour of two o'clock in the afternoon; the south west Quarter (1/4) of section 21, Township 42, Range 1, West of the 5th Meridian in the Province of Alberta. The property is situated six and one half (6 1/2) miles from the Village of Rimbey, at which place there is a post office, School and Church.

The soil consists of clay loam, averaging from six to twelve inches deep, and the sub soil is clay. There are about forty acres of the said land that could be broken.

The property is offered for sale subject to a Reserve Bid which has been fixed by a judge.

The purchaser is required to pay a deposit of ten per cent. of the purchase price to the Vendor's Solicitor at the time of sale, and the balance is to be paid into court within sixty days without interest.

In all other respects the terms and conditions of sale will be the standing conditions of sale of the Supreme Court of Alberta. Further particulars can be obtained from the Vendor's Solicitor, A. M. MacDonald, Lacombe, Alberta.

Dated at the town of Lacombe, in the Province of Alberta, this 27th day of June A.D. 1918.

F. S. Simpson

Clerk of the Court

LEEDALE NEWS

The Red Cross canvas of this district held under the auspices of the Leedale Literary Society, June 12, 1918, amounted to \$56.50. The entertainment, basket social and dance held June 21st, 1918, was well attended. A pleasing program was rendered, consisting of recitations, instrumental music, and songs. Miss Pinkham, the Provincial Secretary of the Red Cross gave an interesting speech regarding the work of the Red Cross which was appreciated by all present. Mr. Cunningham M.P.P., was also present. Mr. Taylor acted as auctioneer and conducted the sale in an able manner. The total amount realized out of the sale of baskets was \$55.05, expense \$1.60, leaving a total of \$150 which will be sent to the Red Cross Society Calgary.

Mr. H. J. Jacobs donated the use of the Leedale Hall. Mrs. H. J. Jacobs donated the use of her piano. The Sterling Orchestra furnished the music.

The Leedale Literary society takes this opportunity to thank their many friends and members for the kind and able manner in which they helped to make this a success. William Brodersen, Sec.

U.S. FIVE MONTHS AHEAD OF PROGRAM

Washington, June 26—Secretary Baker disclosed to the senate military committee today, that within three months an enlarged army project, now being worked out, will be presented to congress to represent the maximum fighting effort of the country.

Already the calculations upon which the pending army bill was framed have been exceeded and the war department is now revising its plans on an enlarged basis, that means, additional billions in money and additional millions in fighting men. The full scope of the new measure is not yet apparent, even to officials who are preparing it.

Mr. Baker disclosed the new plans in explaining the reasons for opposing any change now in the draft age limits. Later, during general debate in the senate's chamber, figures were disclosed showing the great strides being made toward bringing American

fighting power to the front in France.

General March chief of staff, already has announced that the army is five months ahead of schedule in troop movements, 900,000 men having been shipped abroad. During the debate today, however it was disclosed that if the highest hopes are realized, 1,450,000 men will have reached France by August, and that there will be total force under arms of approximately 3,500,000.

A statement read in the senate record by Senator Chamberlain, chairman of the military committee predicted that class one probably would be exhausted during October and would be reduced to 814,126 men by calls to be made before August 1st.

THE ALLIES HAVE THE MEN

In a reassuring statement on Monday, Mr. Lloyd George said that the strength of the United States forces as now in France was such as to give confidence to the Allies that the enemy could not succeed in his attempt to overwhelm the British and French armies with superior numbers. This is in confirmation of statement by American officials as to the rapidity of which the forces of the Republic are being taken across the ocean. When it is remembered that behind the present American army is a population of a hundred million people, occupying a country of such varied industries that great numbers of men can be enlisted without taking workers off the land and thus accentuating the world's food scarcity, it seems safe to conclude that so far as the supply of men is concerned the critical time for the Allies has been passed. Millions of reinforcements are on their way and before the end comes, but it is known that they are available.

SICKNESS IN GERMAN ARMY

British headquarters in France, June 26.—(Via Reuters.) Ottawa Agency.—There seems to be an unusual amount of sickness among the German troops, but it is impossible yet to say whether it has reached proportions which will effect the German plans. What has most undoubtedly delayed them is the skill with which our airmen are striking at vital points in the enemy's communications.

Card of Thanks

We wish to express our heart felt appreciation to the citizens of Lacombe and the people of the surrounding district for the unselfish and whole hearted manner in which they responded to the call for assistance in the recent search for our boy who was lost for over thirty hours. He is now quite recovered and we feel his life was saved through the efforts of our friends and would like every man and woman to accept our gratitude personally.

Mr. and Mrs. W. A. Pickard.

THE EXAMINATIONS

The examinations are over for 1918, and the students await with anxiety the results. The papers in most subjects were fair to the students, but in geometry and algebra the children were not given a fair chance. We will bet dollars to doughnuts that ninety-nine per cent. of the teachers throughout Alberta cannot work out the geometry paper in the time set, and we will also take a chance on a bet that there are questions on the paper that the great majority of teachers cannot work out in a week. In algebra it is the same. There may be some in setting papers such as the above, but the average person fails to see it. In last years papers in these subjects a question was given that no one could answer, and when it was put up to the gentlemen who set the paper he could not work it out himself.

MINISTER CROTHERS GIVES GENTLE HINTS TO BIG CORPORATION

Ottawa, June 26. Hon. T. W. Crothers, minister of labor, has written the general manager of one of the largest consumers in Canada, which has had several labor

disturbances among other things as follows:

"My own judgment is (you will pardon me for stating it so frankly) that it is the duty of the employer henceforth to adopt such means as may be found necessary for the maintenance of peace and contentment among his workmen. The fact that many succeeded in doing so is strong evidence that it is neither necessary nor expedient that others should appeal to the government for drastic action whenever any labor disturbances are impending. Speaking generally I have found workmen reasonable, responsive to consideration, frank and fair treatment, but naturally they do not appreciate being entirely ignored concerning conditions—financial and otherwise—in enterprises in which they are engaged and this especially under war conditions with high salaries and large profits."

Ottawa, June 26.—The following statement was given out this morning by Hon. T. W. Crothers, minister of labor:

"Perhaps in larger numbers than ever before complaints reach the minister of labor from working men, that their employers for bid, upon the penalty of dismissal their becoming members of labor organizations. Such complaints are generally well founded. The minister deeply regrets the attitude on the part of so many employers, believing it well calculated to produce serious labor disturbances. He maintains that every man must be at perfect liberty to associate himself with his fellow workers in any legitimate labor organization without thereby subjecting himself to penalties or discriminations of any character. He expresses the hope that employers may accept this attitude in this regard, and that hereafter no just cause for such complaints may arise."

AMERICANS ARE PLACED ON SUGAR RATIONS

Washington, June 26. The restriction of the American people to one and a half ounces of sugar a day each individual during the next six months was ordered today by Food Commissioner Herbert Hoover. The amount is about

one teaspoonful at each meal. A shortage in the sugar crop in this country, together with the absence of merchant vessels to import hundreds of thousands of tons of sugar from the Philippine Islands, Java and other sugar-producing countries, is mentioned as the reason for the curtailment.

Mr. Hoover's allotment is three pounds a month to each person.—This is at a rate of sixteen ounces for each thirty meals, or about one half ounce to each meal. The reduction is estimated to amount to 25 per cent. below the normal consumption of sugar.
